**ADMISSIONS**

In recent years I have been designated as Senior Faculty Member assigned to Admissions and Recruitment Office. My time and commitment to this very important arena in our school provides for advancement in achieving the accepted applicants who convert to entering MSW students. With the evolving status of the school and its admissions standards and yield, I have played an important part in the work of this office to seek and augment the numbers of applicants of an elevated profile ( GPA, experience, writing skills) with emphasis on diversity enabling a higher standard in the acceptance and matriculation into our MSW programs. Additional attention has been provided to Tier 1 students, with the use of emails, phone calls, webinars and yield and recruitment events. Additionally I have been tasked to provide support to our current AS (Advance Standing ) cohort I have met with each student personally and several times in Zoom meetings to address this cohort’s specific educational needs with entrance to program this summer. I provide oversight to each department’s placement team as they secure a match for their one internship in our program as BSW graduates.

**RECRUITMENT**

Since 1996, I have traveled extensively, recruiting applicants through participation at Graduate Fairs and Professional Forums. The following is a partial list of universities and professional meetings I have personally attended as a representative of the USC SDP SSW and provided presentations at these respective events. I also interface with agencies and organization in recruitment efforts for the MSW program at our school. This includes lectures at local colleges and universities. Recently I was a designated member of the Working Professionals

program and have been designated the student advisor and internship placement lead when this project is fully launched.
