

USC

Suzanne Dworak-Peck

School of Social Work

2024

DOCTORAL CANDIDATES
SEEKING ACADEMIC
APPOINTMENTS

Dear Colleagues,

Each year faculty in the Suzanne Dworak-Peck School of Social Work train and mentor outstanding doctoral student colleagues who have committed themselves to the responsibility of leadership as scholars, teachers, and stewards of the social work profession. It is my distinct pleasure to share with you the curriculum vitae of our four doctoral candidates who have already completed or will complete their degrees by May of 2024.

Our doctoral candidates reflect a culture of excellence and dedication to impactful scholarship that distinguishes the School of Social Work at USC. These qualities are evident in the products of their work, the rigor of their training and preparation, and in the interdisciplinary partnerships in which they participate. All of these individuals are prepared to serve as vibrant faculty members, intellectual leaders, and consummate professionals. Emerging from the first school of social work established in the western United States, they embody our commitment to diversity, creativity, and rigor, and they are equipped to contribute to solving the vexing social challenges of a century in which rapid change is normative.

It is with pleasure that we invite you to learn more about each of these exceptional scholars and educators. We encourage you to communicate directly with them about their work and how they can benefit your institution. Should you desire further information about any candidate or our training program, please contact me at ericr@usc.edu.

Sincerely,

Eric Rice, Ph.D., Professor

Interim Director of the PhD Program, USC Suzanne Dworak-Peck School of Social Work
Director of USC Center for Artificial Intelligence in Society

Adriane J. Clomax, MSW, PhD Candidate
Department of Social Change and Innovation

09

Jiaming Liang, MA, PhD
Edward R. Roybal Institute on Aging

24

Shaddy K. Saba, MA, LCSW, PhD Candidate
Department of Adult Mental Health and Wellness

36

Erika A. Salinas, MSW, PhD Candidate
Department of Children, Youth and Families

Biographical Statement:

Adriane Clomax investigates minority workers' intersectional experience in various workplaces, including the US Army and worker-owned businesses. Her research interests include fair working conditions, workplace democracy, and inclusive leadership practices. Before matriculating at USC, Adriane worked domestically and internationally on employment and economic well-being issues. She realized poverty, family well-being, and community safety could be tied back to the availability of quality employment. As a student, Adriane has participated in two major research projects that have examined workplace inclusion policies in the US Army and worker outcomes in employee-owned businesses. Through these two projects, Adriane honed her qualitative and quantitative research skills.

As a USC Suzanne Dworak-Peck School of Social Work community member, Adriane served on the Doctoral Student Association. In this role, she worked with USC faculty to create avenues for Ph.D. students and candidates to share their work through the annual student research symposium. She also worked with the social justice curriculum committee to create the "Social Justice Bootcamp" for incoming Ph.D. students.

Adriane has led projects with the King's College of London, contributing to papers focused on the occupational experiences of Black workers, particularly women. She also completed a fellowship with the Institute for the Cooperative Digital Economy at the New School in New York City, where she helped develop a worker-owner-centered policy report for platform cooperatives, emphasizing diversity and inclusion. She has also been a fellow with the Institute for the Study of Employee Ownership and Profit Sharing at Rutgers University. Adriane worked on her dissertation as a fellow, which concerns Black workers, employee ownership, and fair wages.

Moving forward, Adriane hopes to delve deeper into issues around women and workers of color and the economic outcomes of their workplace experiences. Please contact Adriane Clomax directly at clomax@usc.edu for more information.

ADRIANE J. CLOMAX, MSW

PhD Candidate
Suzanne Dworak-Peck School of Social Work
University of Southern California
669 West 34th Street, Suite 214
Los Angeles, CA 90089-0411
Clomax@usc.edu

EDUCATION

Current

Doctor of Philosophy

University of Southern California
Suzanne Dworak-Peck School of Social Work
Los Angeles, CA

Dissertation Title: "Sharing Assets: Can Employee Ownership Close the Wage Gap?"

Committee: Dr. Robynn Cox, Dr. Michael Hurlburt, Dr. Michàlle Mor Barak (Chair), Dr. Thomas Valente

Master of the Science of Social Work

2010

University of Texas-Austin
Steve Hicks School of Social Work
Austin, TX

Concentration: Community and Administrative Leadership
Portfolio in Nonprofit management

Bachelor of Science

2005

Xavier University of Louisiana
New Orleans, LA
Major: Psychology
Minor: Chemistry

RESEARCH INTERESTS

The future of work, workplace climate and culture, broad-based employee ownership, digital economy, platform cooperatives, worker mental health outcomes, financial inclusion, military social work

ADRIANE J. CLOMAX, MSW

RESEARCH PROPOSALS AND GRANTS

Co-Primary Investigator

2022- current

The University of Southern California and The Kings College of London

Project Title: Women of Colour in the UK and US Armed Forces: A qualitative comparison study

- Currently applying for funding
- Submitted expression of interest to the US NSF/SBE – UKRI Lead Agency Opportunity (was not moved on to application)

RESEARCH EXPERIENCE

2020-2022

Project Manager

The University of Southern California and the Army Research Institute (ARI)

Project Title: Diversity and Inclusion Policy Decoupling in the Army

(PIs: Michàlle Mor Barak, Carl Castro, Sara Kintzle)

- Managed final reports
- Data coding
- Co-wrote manuscripts

Project Manager

2019-current

The University of Southern California and The Kings College of London

Project Title: The mental health experiences and outcomes of minority racial and ethnic serving and ex-serving members of the UK and US Armed Forces:

A scoping review

- Managed a team of twelve scholars through the review process
- Wrote protocol
- Performed the complete extraction of articles
- Performed the final synthesis of information

Research Assistant

2018-2020

The University of Southern California and the Army Research Institute (ARI)

Project Title: Diversity and Inclusion Policy Decoupling in the Army

(PIs: Michàlle Mor Barak, Carl Castro, Sara Kintzle)

- Participated in data collection trips
- Managed data collection equipment
- Coded qualitative data

ADRIANE J. CLOMAX, MSW

Biographical Statement:

Jiaming Liang is a gerontological social work researcher whose primary focus is on enhancing the physical and mental health, as well as the overall quality of life, of older adults and their families from various racial/ethnic and cultural backgrounds. Specifically, Jiaming uses quantitative and qualitative methods to examine complex phenomena such as social support, loneliness, chronic conditions, sleep quality, depression, and cognitive functioning among older adult-caregiver dyads, with the aim of identifying and implementing effective and sustainable interventions to benefit the community.

Jiaming's current and future research agenda includes pursuing multiple funding opportunities to support the development and evaluation of evidence-based, community-centered programs targeting the health and well-being of older adults with long-term care needs and their family caregivers in diverse communities. Specifically, Jiaming plans to explore the social, behavioral, and physiological mechanisms that affect cognitive health and quality of life among diverse older adults and their family members. Such work will support the development of community-based programs that empower older adult-family caregiver dyads to effectively manage cognitive health and enhance quality of life.

In addition to his research interests, Jiaming has extensive experience teaching both in-person and online courses in social and behavioral theories, research methods, program development and evaluation, and statistics at the undergraduate and graduate (master's and PhD) levels. For more information about Jiaming's work, please contact him at jliang@usc.edu or by telephone at 213-590-9402.

RESEARCH EXPERIENCE

- 2023** Project Title: Alzheimer's Disease and Related Dementias Research Communication Practices with Minoritized Racial and Ethnic Groups: A Multiple Case Study
Role: Co-Investigator
Funding Source: USC Doctoral Dissertation Fellowship (\$2,500)
Description: The purpose of this study is to expand on our limited understanding on what Alzheimer's Disease and related dementias (ADRD) research opportunities are being shared with racial and ethnic groups; how these opportunities being shared; and potential differences in the type of communication strategies that are being used by ADRCs.
Team: Beatrice Martinez (PI) & Maria P. Aranda (Advisor)
- 2023 – 2024** Project Title: Brain Health for Me (BH4Me)
Role: Principal Investigator
Funding Source: This work was funded by the USC ADRC, which receives funding from the National Institute on Aging (NIA) of the National Institutes of Health (NIH) under award number P30AG066530.
Description: The purpose of this study is to develop and test a brief, online group brain health intervention for adult family caregivers of persons with memory loss such as Alzheimer's or other dementia, and to establish a caregiver-PLWD registry to promote future study participation.
Team: Maria P. Aranda (Advisor) & Beatrice Martinez (RA)
- 2022** Project Title: The Use of Telehealth among Persons Living with Dementia and Their Caregivers during the COVID-19 Pandemic: A Scoping Review
Role: Principal Investigator
Funding Source: USC AD-RCMAR (Minority Aging Health Economics Research Center) Summer Research Fellowship (\$12,000)
Description: This project describes the implementations, effectiveness, user experience, and barriers of telehealth services for PLWD and their caregivers

JIAMING LIANG, MA, PhD

during the COVID-19 pandemic through a systematic scoping review.
Consultant: Maria P. Aranda

2022 Project Title: Dyadic Associations between COVID-19 Perception and Preventive Behaviors: Findings from the NHATS/NSOC COVID-19 Supplements

Role: Principal Investigator

Funding Source: NHATS/NSOC Dementia Care Research Award (\$2,500)

Description: This project examines how COVID-19 preventive behaviors of older adults and their caregivers are dyadically associated with their perceived anxiousness about COVID-19, and compares the dyadic associations between dementia caregiving dyads and non-dementia caregiving dyads.

Consultant: Maria P. Aranda & Yuri Jang

2021 – 2022 Project Title: The Role of Social Isolation and Secondary Caregiver Support in the Stress Process Among Primary Caregivers of Older Adults (Dissertation)

Role: Principal Investigator

Funding Source: USC Suzanne Dworak-Peck School of Social Work Doctoral Fellowship (\$2,500)

Description: This project investigates the mechanisms of how caregiving stress affects mental health of family primary caregivers, the protective effects of support from secondary caregivers, and the intersections of primary caregivers' gender, race, and relationship type on the mechanisms.

Committee: Maria P. Aranda (Chair), Yuri Jang, and Kathleen Wilber

2021 Project Title: Social Network and Wellbeing of Chinese Older Immigrants in Affordable Senior Housing (ASH)

Role: Co-Principal Investigator

Funding Source: USC Center for the Changing Family (CCF) Trainee Awards (\$5,000)

Description: This project aims to explore how social networks of ASH older adults changed before and after outbreak of the COVID-19 pandemic and assess the extent to which their social networks' characteristics affect their wellbeing during the COVID-19 pandemic.

Team: Kexin Yu (PI) & Yi-Hsuan Tseng; Consultant: Iris Chi & Shinyi Wu

JIAMING LIANG, MA, PhD

- 2021** Project Title: USC Alzheimer's Disease Research Center Dyad Study
Role: Principal Investigator
Funding Source: Hamovitch Summer Research Award (\$6,100)
Description: This project conducts a literature review on the experience of caregiving dyads composed of older people with cognitive impairment or dementia and their family caregivers, and develops a structured survey questionnaire that assesses general and COVID-19 pandemic life experience of the dyads.
Consultant: Maria P. Aranda
- 2020 – 2021** Project Title: The Effect of Support from Secondary Caregiver Network on Primary Caregiver Burden: Do Men and Women, Blacks and Whites Differ?
Role: Principal Investigator
Funding Source: USC Suzanne Dworak-Peck School of Social Work Doctoral Fellowship
Description: This study examines the association between SCN support and primary caregiver burden, and the intersection of gender and race on the association.
Committee: Maria P. Aranda (Chair), Yuri Jang, Kathleen Wilber, Iris Chi, & Shinyi Wu
- 2020** Project Title: Organizational Responses to COVID-19 by Agencies Dedicated to Serving Older Adults and Persons Living with Disabilities
Role: Co-Investigator
Funding Source: Hamovitch Summer Research Fellowship (\$5,962)
Description: the study examines the organizational challenges, responses, and recommendations as communicated by local agencies serving older adults during the COVID-19 pandemic.
Principal Investigator: Maria P. Aranda
- 2020** Project Title: Stigmatizing Beliefs about Alzheimer's Disease: Findings from the Asian American Quality of Life Survey
Role: Principal Investigator
Funding Source: USC Suzanne Dworak-Peck School of Social Work Doctoral Fellowship
Description: This study examines the prevalence and predictors of

Role: Co-Investigator

Funding Source: USC Alzheimer's Disease Research Center (ADRC)

Description: This project explores the role of psychiatric and substance use history on the risk of etiology-specific dementias: Alzheimer's disease (AD) and vascular dementia (VaD), in the context of a racially and ethnically diverse sample based on national data in the United States.

Team: Maria P. Aranda (PI), Xinhui Wang, Helena Chui, & Lon Schneider

2020 – present

Project Title: SoCal Savvy: Testing Savvy Caregiver in a Racially and Ethnically Diverse Sample in Southern California. State of California

Role: Research Assistant (2020 – 2022) / Co-Investigator (2022 – present)

Funding Source: California Department of Public Health Alzheimer's Disease Research Award (No.19-10538; \$897,125)

Principal Investigator: Maria P. Aranda

2019 – present

Project Title: Savvy Express: Developing a Chinese-Language Program for Families Caring for a Loved One with Memory Loss

Role: Co-Investigator

Funding Source: USC Edward R. Roybal Institute on Aging & Alzheimer's LA

Description: The study translates the Savvy Express program from English into Chinese and aims to test the cultural and linguistic feasibility of the translated program among Mandarin-speaking Chinese/Chinese American dementia caregivers.

Team: Maria P. Aranda (PI), Kristy Huang, Charlotte Xia, & Angie Yeh

2019

Project Title: A Feasibility Study of an Intergenerational mHealth Program for Affordable Housing Communities

Role: Research Assistant

Funding Source: USC Suzanne Dworak-Peck School of Social Work, Department of Adult Mental Health (\$5,000)

JIAMING LIANG, MA, PhD

Principal Investigator: Shinyi Wu

2019 Project Title: Family Cooperation of Dementia Caregivers: A Literature Review

Role: Principal Investigator

Funding Source: Hamovitch Summer Research Grant (\$7,000)

Description: The study conducts a qualitative literature review to propose a comprehensive conceptual framework designed to define and measure the types of family caregiving alliances for people with dementia (PWD), and possible approaches to improve caregiver cooperation and quality of care.

Consultant: Shinyi Wu

2019 Project Title: Understanding Challenges of Coordinating the Care of Urban, Low-Income, Latinos with Alzheimer's Disease: A Qualitative Study of Informal and Formal Caregivers

Role: Research Assistant

Funding Source: USC Suzanne Dworak-Peck School of Social Work Research Council (\$35,000)

Team: Shinyi Wu (PI), Haomiao Jin, & Magaly Ramirez

Predoctoral Research Experience

2017 – 2018 Project Title: The Mechanism of Working Memory Impairment in Youth Obsessive-Compulsive Disorder Patients

Role: Research Assistant

Funding Source: The Chinese Ministry of Science & Technology (¥100,000)

Principal Investigator: Wenxin Tang

2016 – 2017 Project Title: Social Support and Cognitive Health of Older Adults in Rural China: The East and West Disparities

Role: Co-Investigator

Funding Source: Zhejiang University Department of Psychology (¥10,000)

Description: This study investigates regional disparities in the prevalence of cognitive impairment and the connection between social support and cognitive function in older adults living in rural China.

Multiple Principal Investigators: Shulin Chen & Peiyuan Qiu

JIAMING LIANG, MA, PhD

- 2016 – 2018** Project Title: The Effectiveness of Visual Speed of Process Cognitive Training on Mild Cognitive Impairment in Older Adults
Role: Co-Investigator
Funding Source: Provincial Science Foundation of Zhejiang (¥100,000)
Description: This study focuses on the preventive effect of cognitive training on mild cognitive impairment in older adults living in Hangzhou. Participants' behavior performance (reaction time and accuracy), heart rate variability, and resting-state fMRI data pre- and post-intervention were recorded.
Principal Investigator: Shulin Chen
- 2016 – 2018** Project Title: Physical Activity Study
Role: Research Assistant
Funding Source: Zhejiang University School of Public Health (¥5,000)
Multiple Principal Investigators: Qian Yang & Andrew Geers
- 2014 – 2018** Project Title: Collaborative Care for Depression in Elders in China (COACH)
Role: Research Assistant
Funding Source: National Institute of Mental Health (R01 MH100298; \$1,480,000)
Multiple Principal Investigators: Shulin Chen & Yeates Conwell
- 2014** Project Title: Small-Class Reform in Chinese Rural Elementary Schools
Role: Principal Investigator
Funding Source: Student Scientific Research and Innovation Competition of Zhejiang Province (¥5,000)
Description: This study examines the positive effect of small class size on the development of morality of left-behind children in rural China.
Consultant: Shulin Chen

TEACHING AREAS

Behavioral, Psychological, and Social Theories in Social Science Research; Aging and Family Caregiving; Health Disparities; Research Methods; Statistics; Program Evaluation

JIAMING LIANG, MA, PhD

TEACHING EXPERIENCE

University of Southern California, Los Angeles, CA

2022 Spring	Co-Instructor (The course has two classes, I solo-taught one), SOWK 506 Human Behavior in the Social Environment
2021 & 2022 Springs	Lab Instructor, SOWK761L Multiple Regression for Social Work Research
2020 & 2021 Falls	Lab Instructor, SOWK760L Introductory Social Work Statistics
2020 Fall	Teaching Assistant, SOWK635 Research and Evaluation for Social Work with Older Adults

Zhejiang University, Hangzhou, China

2017 Spring & Fall	Teaching Assistant, Positive Psychology
2015 Fall	Teaching Assistant, Social Psychology

Other Institutions

2015	Guest Lecturer, Educational Psychology, Education Bureau of Jingning County, Lishui, China
2014	Instructor, Positive Psychology, Huawei Technologies Co. Ltd, Hangzhou, China

CONFERENCE PRESENTATIONS

Liang, J., Aranda, M.P., Jang, Y., Wilber, K. (paper presentation scheduled for 2023 GSA Annual Scientific Meeting) Mitigating Caregiving Stress: The Protective Role of Secondary Caregiver Networks for Primary Caregiver's Mental Health. Gerontological Society of America Annual Scientific Meeting, Tampa, FL.

Liang, J., Aranda, M.P. (2023 July) The Use of Telehealth among People Living with Dementia-Caregiver Dyads during the COVID-19 Pandemic: A Scoping Review. Invited keynote presentation at the 5th World Aging and Rejuvenation Conference, Frankfurt, Germany.

JIAMING LIANG, MA, PhD

Liang, J., Yu, K., Tung, Y., Li, C., Wu, S., Chi, I. (2022 November) Discrimination and Coping among Older Chinese Immigrants during the COVID-19 Pandemic: A Qualitative Study. A symposium presentation at Gerontological Society of America Annual Scientific Meeting, Indianapolis, IN. <https://doi.org/10.1093/geroni/igac059.250>

Liang, J., Jang, Y., Aranda, M.P. (2022 November) Dyadic Associations between COVID-19 Perception and Preventive Behaviors: Findings from the NHATS/NSOC COVID-19 Supplements. A symposium presentation at Gerontological Society of America Annual Scientific Meeting, Indianapolis, IN. <https://doi.org/10.1093/geroni/igac059.476>

Liang, J., Aranda, M.P. (2022 August). Telemedicine and Other Technologies for persons with Cognitive Impairment and their caregivers during the COVID-19 pandemic: A Rapid Review. A symposium presentation at 22nd WPA World Congress of Psychiatry, Bangkok, Thailand.

Liang, J., Aranda, M. P., Jang, Y. (2022 May). Dyadic Associations between Perceptions of COVID-19 and Preventive Behaviors in Older Adults and Their Caregivers: Findings from the NHATS/NSOC COVID-19 Supplements. NHATS / NSOC Dementia Care Conference, Ann Arbor, MI.

Liang, J., Aranda, M. P. (2022 Jan). The Association of Secondary Care Network Characteristics with Unmet Care Needs of Community-Dwelling Older Adults. Poster Presentation delivered at SSWR 26th Annual Conference. Online.

Liang, J., Aranda, M. P., Jang, Y., Chi, I., Wu, S., & Wilber, K. (2021 Nov). The Role of Secondary Care Networks, Gender, and Race on Primary Caregiver Burden, Innovation in Aging, Volume 5, Issue Supplement_1, 2021, Page 493, <https://doi.org/10.1093/geroni/igab046.1893>

Aranda, M. P., **Liang, J.,** Wang, X., Chui, H. C., & Schneider, L. S. (2021, July). The Role of Race/Ethnicity, Psychiatric History, and Substance Use in the Risk of Dementia Subtypes: Findings from the NACC. At the 2021 Alzheimer's Association International Conference. ALZ.

Liang, J., & Jang, Y. (2020). Stigmatizing Beliefs About Alzheimer's Disease in Diverse Ethnic Groups of Asian Americans. 2019 – present	Reviewer	Gerontology Society of America (GSA) Annual Scientific Meeting

JIAMING LIANG, MA, PhD

LANGUAGES

Native Proficiency in **Mandarin** and **Sichuanese** (a dialect of Southwest China)

Professional Proficiency in **English**

STATISTICAL & OTHER TECHNICAL SKILLS

Data management & analysis: Stata / SPSS / Mplus / SQL / Python

Psychological experiment programming: E-prime

Literature management: Endnote / Mendeley / Zotero

Microsoft Office software: Word / Excel / PowerPoint

fMRI data analysis: SPM

Biographical Statement:

Shaddy Saba has had a decade-long career in behavioral health research and clinical practice, focusing on the intersection between behavioral health and physical pain among underserved populations (i.e., military veterans, young people who have experienced trauma). For his NIH-funded dissertation research, he utilizes intensive longitudinal modeling, machine learning, and qualitative interviews to study the dynamic interplay between pain and PTSD symptoms among veterans recently returning from deployment. His research moves the needle to a better understanding of how multi-morbid conditions develop and impact one another, with the goal of providing more targeted and effective intervention and prevention strategies for underserved populations. Shaddy's work has been funded by the National Institute on Drug Abuse, the Department of Veterans Affairs, and the USC Center for Mindfulness Science. He has authored or co-authored over 30 published manuscripts in reputable journals on topics including the health effects of traumatic experiences, associations between pain and PTSD symptomology, integrated healthcare models, and mindfulness-based interventions.

Shaddy has worked to develop a broad methodological toolkit so he can effectively study predictors and consequences of complex, multi-morbid behavioral health symptomology. He is particularly experienced in longitudinal data analysis using structural equation modeling. Given the proliferation of rich, novel data sources (e.g., data from wearable devices, large publicly available social datasets) he has also developed skill in data science approaches (i.e., machine learning). His work is grounded in relevant theory on multi-morbidity (i.e., models of mutual maintenance and shared vulnerability), with the goal of advancing both theoretical and empirical knowledge. To that end, he increasingly integrates psychophysiological (e.g., heart rate variability), structural (e.g., area-level disadvantage), and sociocultural (e.g., identity and discrimination) determinants of behavioral health into his work.

Shaddy is a licensed clinical social worker, and his research is informed by several years' clinical practice experience in mental health, substance use, and chronic pain treatment settings. He is excited to mentor the next generation of social work scientists and practitioners, and he has experience teaching both masters- and doctoral-level coursework. He is well-prepared to teach courses on introductory and advanced clinical practice, research and evaluation, statistics and data analysis, and theories of human behavior in the social environment. Please contact Shaddy Saba at ssaba@usc.edu for more information.

SHADDY K. SABA, MA, LCSW

PhD Candidate
Suzanne Dworak-Peck School of Social Work
University of Southern California
669 W. 34th Street, Los Angeles, CA. 90089
(951) 236-3250
ssaba@usc.edu

SUMMARY OF CV

- Doctoral candidate researcher with track record of federal and intramural grant funding
- 31 peer-reviewed journal publications
- Licensed clinical social worker with several years' behavioral health practice experience in substance use disorder, mental health, and chronic pain treatment settings

EDUCATION

Ph.D.	2024 (<i>Expected</i>)	University of Southern California, Social Work
	Dissertation:	<i>"Pain and multi-morbidity among veterans: Theory-guided, data-driven, and narrative approaches"</i>
	Primary advisors:	Jordan P. Davis, PhD; Carl A. Castro, PhD
M.A.	2015	University of Chicago, Clinical Social Work
B.A.	2010	University of California, Santa Barbara, Business Economics

AREAS OF RESEARCH

- Etiology and treatment of substance use, mental health disorders, and physical pain
- The impact of trauma and adverse experiences on health and well-being
- Military personnel and veteran behavioral health
- Biopsychosocial models of health
- Developmental and affective science
- Artificial intelligence and technology for behavioral health
- Contemplative (e.g., mindfulness-based) interventions

SHADDY K. SABA, MA, LCSW

RESEARCH EXPERIENCE

2022 – Present	Predoctoral Fellow, National Institutes of Health (NIH) Ruth L. Kirschstein National Research Service Award for Individual Predoctoral Fellows (F31), University of Southern California, Los Angeles, CA
2019 – 2023	Doctoral Research Assistant, USC Center for AI in Society (CAIS) and Substance Use and Mental Health in Marginalized Youth Lab (PI: Jordan P. Davis, PhD), University of Southern California, Los Angeles, CA
2023	Summer Associate, RAND Corporation, Santa Monica, CA
2022	Research Scientist Intern, SleepScore Labs, Carlsbad, CA
2015 – 2017	VA Advanced Fellow in Addiction Treatment and Research, VA Pittsburgh Healthcare System, Pittsburgh, PA
2017	Clinical Interventionist, Veterans Research Foundation of Pittsburgh, Pittsburgh, PA
2013 – 2014	Clinical Research Assistant, University of Chicago, Chicago, IL

BEHAVIORAL HEALTH PRACTICE EXPERIENCE

2017 – 2019	Behavioral Health Clinician, University of Pittsburgh Medical Center, Pittsburgh, PA
2015 – 2017	Social Worker, VA Pittsburgh Healthcare System, Pittsburgh, PA
2014 – 2015	Behavioral Health Clinician, Hinsdale Family Medical Center, Hinsdale, IL
2013 – 2014	Youth Development Worker, YMCA of Metropolitan Chicago, Chicago, IL
2011 – 2013	Patient Advocate, Hemet Valley Recovery Center, Hemet, CA
2008 – 2010	In Home Caregiver, State of California, Goleta, CA

SHADDY K. SABA, MA, LCSW

HONORS AND SPECIAL AWARDS

2023	Conference Travel Award, Collaborative Perspectives on Addiction (APA Division 50) Annual Meeting
2023	Excellence in Research Award, USC Institute for Addiction Science
2022	Best Abstract Award, Early Career Addiction Science Showcase, USC Institute for Addiction Science
2020	Travel Award, Harvard Center for Research on Computation and Society Workshop on AI for Social Impact, Harvard University
2019 – 2021	Provost Graduate Fellow, University of Southern California
2017	Conference Travel Award, Association for Medical Education and Research in Substance Abuse
2015	Rosenson Scholarship for Graduate Studies, University of Chicago

GRANT FUNDING

2022 – Present (PI)	NIH/NIDA Predoctoral Fellowship Award (F31). <i>“Daily and dynamic fluctuations in PTSD symptoms, physical pain, and cannabis use among veterans.”</i> Amount awarded: \$85,546
2022 – Present (PI)	USC Center for Mindfulness Science Pilot Grant. <i>“Mixed-methods, user research study of a mindfulness app for veterans with PTSD and alcohol problems.”</i> Amount awarded: \$750

SHADDY K. SABA, MA, LCSW

CLINICAL LICENSURE AND TRAINING

Licensure

2022 - Present

Board of Behavioral Sciences (CA)

Licensed Clinical Social Worker (LCSW)

License Number 108354

Specialized Training Received

2016

Mindfulness Based Stress Reduction (MBSR) Fundamentals
Center for Mindfulness, University of Massachusetts Medical School

Biographical Statement:

Erika is a proud member of the Comanche Nation and a PhD candidate in the Suzanne Dworak-Peck School of Social Work at the University of Southern California (USC). She is expected to graduate in August 2024. Her research interests are on improving compliance with the Indian Child Welfare Act as well as behavioral health outcomes of American Indian/Alaska Native (AI/AN) youth. Her educational background consists of receiving her BSW with a minor in Native American studies from California State University, Sacramento, as well as an MSW from Washington University in St. Louis with a concentration on violence and injury prevention. Professionally, she worked in the Financial Abuse Unit at Adult Protective Services in Sacramento County before pursuing her PhD in social work. During her time at USC, she has been involved with various types of research. She has published research on the impact of the COVID-19 pandemic on child and adolescent mental health policy and practice implementation; the perceptions and attitudes toward commercial tobacco policies and education among tribal communities in California; adaptation resources for and behaviors during heat waves and health outcomes of low-income residents of urban heat islands; and communication and collaboration between tribes and counties as it pertains to the Indian Child Welfare Act. In addition, she has coauthored a book chapter focusing on mixed-methods evaluation in dissemination and implementation science. Erika's teaching experience encompasses undergraduate and graduate courses. For the past 3 years, she has been involved in teaching Policy and Macro Practice in Child, Youth, and Family Services. After graduation, Erika hopes to become involved with tribal policy. In 2020, she was selected to be a Native American congressional intern through the Udall Foundation. For 2 years, she worked with the Indian Health Services' Division of Behavioral Health, Office of Clinical and Preventive Services, to learn about national advocacy, policy development, management, and administration as it pertains to AI/AN communities. She hopes to continue this type of work by engaging in policy efforts that will aim to improve behavioral health outcomes for AI/AN youth. Please contact Erika Salinas at easalina@usc.edu for more information.
